

Certification Application Eligibility

Requirements:

For all applicants, you must have (1) a minimum of 6 months of supervised, documented, direct patient contact in a patient navigator role and (2) meet one of the following three classifications:

- 1. Licensed or certified professional in:**
 - a. Healthcare (including allied health),
 - b. Mental Health, or
 - c. Social Work.

- 2. Completion of a PCERI approved patient navigation education program.** This includes accredited programs in patient navigation and advocacy at most colleges and universities.

- 3. Three or more years of documented experience in healthcare.**
